Waiver: I understand that the Lynch Dance Institute 2021 Summer Intensive Audition Offering in no way guarantees my daughter/son acceptance into any program. The Offering is to provide my child with guidance, studio availability and video support and editing (depending on the option selected).

The editing processing will not include combining multiple takes into one clip.

I also understand that I will be charged additional costs if my child's session runs over the allotted time. The charges are outlined within the Offering Document.

You are responsible for knowing the requirements for each audition and coming to the preparation lesson with an organized worksheet with requirements by school.

By signing below, I agree to have the Audition Offering Fee charged to the account on file when this form is submitted. I also am in agreement with the waiver listed above.
